SUMMER VOLUNTEER FAQ

Q: What are the application requirements?

A: All applicants must submit a completed application with a resume, one educational or professional recommendation letter written by a non-family member, and one written character reference from a non-family member. **Applications must be submitted by April 1. No late applications will be accepted.**

We do not provide a template for the supporting documents, but we do offer a few suggestions:

- **Resume:** The resume is our chance to see a snapshot of what you've accomplished and where you are currently involved. Writing a resume can sound scary, especially if you don't think you have much experience, but you probably have more information to put on your resume than you think! A great place to start is Google. Look up examples of resumes for ideas and tips on formatting and what information to include.
- **Educational or professional recommendation:** This letter can be written by a teacher, volunteer coordinator, coach, or someone familiar with your work in a professional and/or educational setting who can speak to your qualifications. Choose your references wisely and give them ample time to prepare your letter.
- **Character reference:** This letter can be written by any non-family member who knows you well and can speak to your character.

Q: How do I submit the application and required documents?

A: The Summer Teen Volunteer Application link will lead to the application form. All fields must be completed on the form. You can upload your supporting documents as .pdf, .doc, or .jpg files. **Applications must be submitted with all proper documentation by April 1. No late applications will be accepted.**

Q: Am I guaranteed a spot in the program if I submit an application?

A: No. We receive more applications for the program than we have spots. We also reserve spots for returning Summer Teen Volunteers each year. Please keep this in mind when you complete your application. Your application will serve as your introduction to us before we ever have a chance to meet you. We expect thoughtful answers crafted in complete sentences. **It is expected the candidate, not their parent/guardian, completes the application.**

Q: Do I need to interview for the program?

A: Yes. We will conduct interviews during the month of April. All applicants will receive an email invitation to sign up for a 30-minute interview slot. Please adhere to a business casual dress code. You do not need to bring anything to the interview, but it is a good idea to practice answering interview questions beforehand. You can find many common interview questions and tips through a Google search.

Q: When will I find out if I have been selected for the program?

A: All volunteer decisions will be sent out by email the first week of May. Selected volunteers will have one week to return their signed offer letter accepting their place in the program.

Q: If accepted, what are the training requirements?

A: All Summer Teens and Junior Teens are required to attend a training session. Two day training sessions are offered the week of Memorial Day. Training dates will be included in the acceptance email and offer letter.

Q: Can parents/guardians attend the orientation and training session?

A: No. Parents may not attend the orientation and training sessions; however, we offer two optional parent/guardian information sessions in May.

Q: Is there a dress code for volunteers?

A: Yes. All McWane Science Center staff and volunteers must adhere to the team wear policy outlined in the Employee and Volunteer handbooks. Volunteers may wear solid, neutral-colored pants, skirts, or shorts. McWane Science Center defines neutral as black, khaki, gray, brown, navy or olive green. Skirts and shorts should be no shorter than a credit card length from the top of the knee. Plain, blue-denim jeans may be worn Fridays, Saturdays, and Sundays.
